occasional seating meeting room

Meeting room chairs, similar to the visitor chairs, can vary and range in style and design; in particular 4 leg base or sled base.

The majority of our range consists of black or silver powder coated tubular frames (chrome optional) however we can also offer timber and upholstered meeting room chairs – each offering a generous size seat and back. Although black is the most popular fabric choice, customer selected fabrics are also available. Most meeting room chairs are stackable.
