worksystems 50 series

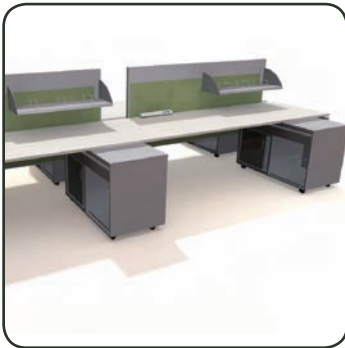

The 50 Series is a system like no other in its class. The contemporary style of the 50 Series is strong, minimalistic, logical and elegant in design and extremely functional.

The 50 series deals with the available space extremely efficiently, it can be adapted to any desired configuration thanks to the ingenious beam system. It allows for maximum freedom underneath the desk due to the minimal number of legs, making it extremely suitable for sharing components.

Screens contribute to the perfect adjustability of auditory and visual privacy in the working environment. Complete with our 10 year warranty.

worksystems 50 series

Accessories such as screens, toolbars, castors and cable management are easy to install and can be integrated in almost any working environment. Our standard worktops can be specified as 25mm or 33mm thick with square or soft rounded corners (50mm radius), however custom edge profiles and finishes are also available upon request. Choices of finish include selected laminates, timber veneers and coated MDF in a range of standard colours.
