worksystems iks series

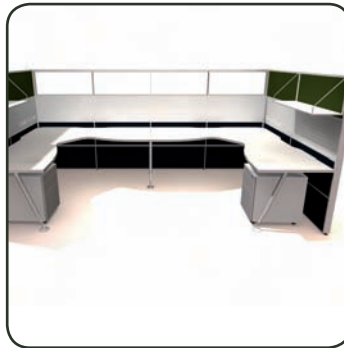

IKS has been developed for the client who prefers an open and flexible office environment.

With slimline screen panels and tubular shaped adjustable legs, IKS gives a minimalistic and uncluttered feel to any office.

Built as a standalone system or in 2, 3 or 4 way cluster design, the desk frame is fitted with a reinforced support bar (steel tube beam) giving incredible strength and reliability to the workstation system, complete with our 10 year warranty.

worksystems iks series

Screens are available with our environmentally friendly, pin-able substrate. Each panel can be upholstered in a range of colour fabrics, whiteboard finishes or laminate/veneers, with the option of our flush mounted function rail, which allows hanging accessories to also be utilised. Cable baskets can be installed underneath the desk top to house all soft wired power/data/tele points. Our standard worktops can be specified as 25mm or 33mm thick with square or soft rounded corners (50mm radius), however custom edge profiles and finishes are also available upon request. Choices of finish include selected laminates, timber veneers and coated MDF in a range of standard colours.
