

Peter,

Just a quick note of thanks for all the advice and helpful service you provided to our business.

The pricing structure and time frame we initially discussed and agreed upon was completed as promised.

Your design suggestions and fit out for our newly developed Administration Area looks fantastic, and is proving to be extremely functional.

The Dealer Development Management Team from Mitsubishi Motors Adelaide was most impressed with the newly furnished areas when they visited the Dealership last week.

If any potential customers require information relating to our experience with Integrity Office, please have them call myself direct.

Thank you once again ,

Chris Buruma
